

*In a survey of  
managers  
of past participants:*

"Excellent program that makes a difference in the quality of leaders that are coming up the line"

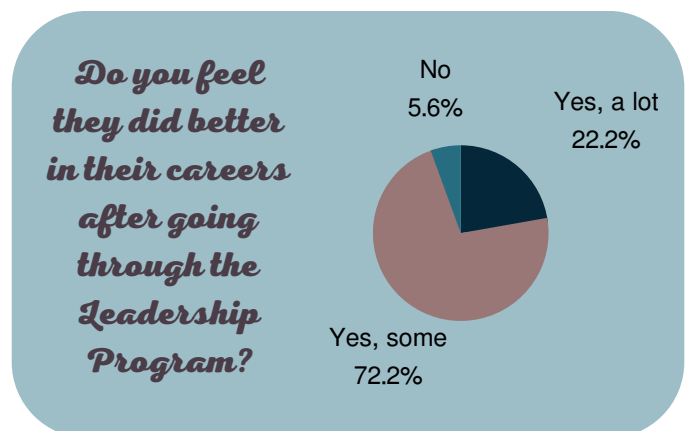

"Educating the people that are willing to stay in Juneau county and do their work"

"Some projects have resulted in sustainable services that are still vital in the area"

"Great program!"

"They learn so much about our surrounding communities"

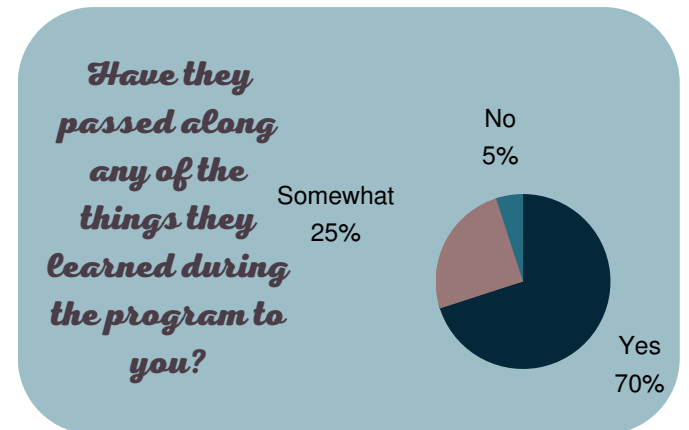

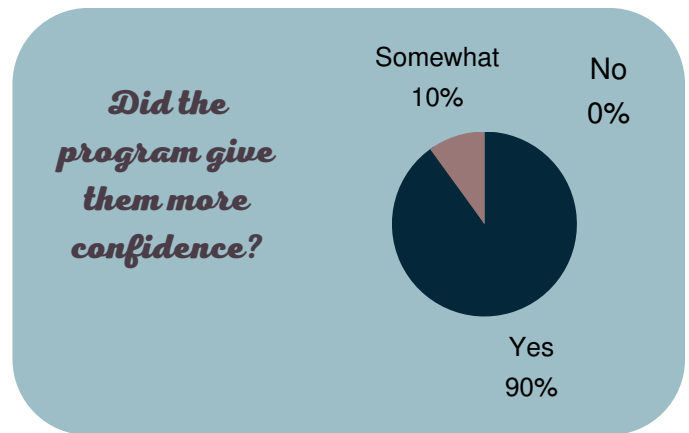

"Wonderful program providing experiences and connections staff would not have gotten otherwise"

## *In a survey of managers of past participants:*

### **Managers tell us the best part of the Leadership program are:**

- Getting individuals connected to their communities.
- Encouraging participants to enhance their own visions-, self identity and leadership skills.
- Confidence gained
- Education and exposure to successful community leaders that they can learn skills from.
- Helping get information into the community.
- Learning more about yourself and the community we live in
- A needed program, need more leaders in society
- Getting outside your comfort zone, experiencing new things
- Participants gain a broad perspective of the community in which they work and live.
- Given the students more confidence in themselves
- Introduction to multiple industries
- Networking & New connections
- Community Networking and personal growth/confidence growth
- Positive Energy
- Helps individuals see the "bigger" picture of who they are and the community in which they live

### **Have the things they learned in the program earned them any of the following at their job:**

Pay Raise

Promotion

More responsibilities

More freedom

Requiring June - August, Program runs September-June
